Do your thing. Do it unapologetically. Don't be discouraged by criticism. You probably already know what they're going to say. Pay no mind to the fear of failure. It's far more valuable than success. Take ownership, take chances, and have fun. And no matter what don't ever stop doing your thing. This is what Sports is all about. Physical Education is a part of the whole education and it asks for the courage to put your all physical, mental, social and psychological efforts to get the great achievements in your life.

### **Education**

- **Ph.D.** in Physical Education from Gujarat University, Ahmedabad, and research title is "Effects of selected Drills on Skill Performance of Intercollegiate Women Handball Players." (2017)

### **Professional Positions and Vision**

**PTI (College Sports Director) and ANO NCC:** Dept of Physical Education and NCC Unit (2016), Government Science College, Gandhinagar from 4<sup>th</sup> September 2015 onwards till date

- Physical education is a part of the whole education so as a subject made efforts to get some good sports persons in between the students of science.
- Because of having some good communication skills and teaching skills I have tried to convert their mental ability into physical strength by motivating them in sports as I strongly believe that students of science stream have really good mental and psychological strength.
- Strongly believe in use of technology and also apply them in all teaching and learning process by innovative skills.
- As a sports person I always motivate experiments training methods as well in diet, food and supplements to strengthen their abilities for sports.
- Have faith in hard work, discipline.
- Always love to motivate the women students to participate in sports by counseling them.

### **Teaching Experience**

- Working as PTI at Government Science College, Gandhinagar since September 2015.
- Worked in Army Public School, Ahmedabad Cantonment from 2012 to 2015 as a P.E.T.
