Clarification Regarding Student Scholarship

Government of Gujarat provides various scholarships to SC, ST, SEBC students. College students of Gujarat State can directly apply online for the scholarship on the Gujarat State Scholarship Portal and the MYSY Portal. The college does not receive a sanction letter for the same.

The Gujarat State Scholarship Portal shows pending payment for student scholarship, even though the scholarship has been paid to the students. This issue arises because the payment data has not been uploaded onto the portal, causing it to appear pending.
