CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Government Science College, Gandhinagar is situated in Gandhinagar-the capital of Gujarat State. It is affiliated to the Gujarat University and it follows the University prescribed curriculum. Prior to the starting of each academic year the Common Room meeting is held every first day of the term, then IQAC prepares an annual academic calendar according to the university academic calendar which is followed by the academic calendar of the Education Dept., Government of Gujarat. The annual academic calendar specifying available dates for significant activities to ensure proper teaching- learning process and continuous evaluation. Theory & practical classes are held as per the time-table prepared by the time-table committee. Every department forms a Departmental TimeTable. This is displayed on the notice board & college website as well as sent through WhatsApp to various groups of the Students and teachers. Meeting is held in each department at the beginning of the academic year to discuss the course distribution for the academic session. The

syllabus is allotted to teachers by the head of the department. Syllabus of each subject for the academic session is provided to the students. Conventional classroom teaching as well as practical work in laboratories is blended with reasonable use of ICT to make the teaching-learning process more learner-centric. Internet assisted learning, participative and experiential learning methods are used for effective curriculum delivery. Classroom teaching is supplemented with seminars, workshops, special lectures, group discussions, departmental quiz, Scientific writing, dissertation, projects, group assignments, educational tours, field trips and industrial visits.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

- **Slow Learners:**
- Faculties interact and give proper guidance to such students for their enhancement in performance score.
- Individual attention is paid to these students by explaining assignment and queries in chapters for their better understanding.
- Students are assisted in their weak areas and reasonable improvements are suggested to them.
- **Advanced Learners:**
- Students who come under this category are encouraged to participate in national / state level seminar/ quiz/workshop/events/conferences.
- These students are motivated to get involved in various committees like National Service Scheme (NSS) , National Cadet Corps (NCC), Student Representative Committees, Eco club etc. As a result, special talk delivered by the guest and field visits in these committees are attended and participated by such students enthusiastically.
- The students who are interested in higher studies are taken to other institute by faculties for their greater exposure and better future. Complex problems are given which result in enhancement of their problem - solving abilities. Proper guidance is provided for the career planning and preparation of competitive exams like GATE, NET and GSET etc. which help them in clearing these exams.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Teachers have increasingly utilized ICT tools post-COVID-19, including smart TV, interactive panels, and projectors with Wi-Fi. Additionally, platforms like MS Teams and Google Classroom were adopted for online lectures, enhancing accessibility and flexibility. Online teaching proved beneficial during the pandemic, saving time and engaging students effectively. Teachers underwent various online training programs to improve their skills and create innovative content, some even launching YouTube channels. Integration of e-resources from platforms like INFLIBNET N-list was encouraged. While traditional methods like chalk and blackboard remained prevalent for offline teaching, ICT usage increased, blending teaching modes for better effectiveness. Smart TV personalized education, using visuals for quick concept comprehension and boosting student engagement. Powerpoint presentations via interactive panels improved lecture delivery and retention. Practical learning through experiments, assignments, and co-curricular activities enriched the curriculum, utilizing well-equipped laboratories. Practical experiences were deemed invaluable, fostering deeper understanding and personal growth.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Post-COVID-19, there was a significant rise in ICT-enabled teaching and learning. Teachers engaged in online training to enhance their skills and develop e-content. The institution smoothly transitioned to online delivery and assessment, leveraging its well-equipped ICT infrastructure, including computers, high-speed internet, and various tools like projectors and digital cameras. Teachers integrated ICT into offline teaching, creating a blended learning approach. Platforms like MS Teams and Google Classroom facilitated effective learning, making the process engaging and productive. Students were encouraged to utilize resources on platforms like Inflibnet N-list. The Government of Gujarat invested in licensed Microsoft Teams and Office 365, enhancing online teaching and evaluation. Faculty created e-content and recorded lectures, which were made available to students. Various ICT tools were employed, including smart boards, computers, Wi-Fi, Microsoft Teams, and YouTube channels, enriching the learning experience. Overall, the adoption of ICT revolutionized teaching methodologies and improved accessibility and effectiveness in education delivery.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

- In the college, internal examination schedules are determined by the Head of the internal examination committee, in consultation with department heads and under the oversight of the principal. These schedules are communicated to students through WhatsApp groups, oral announcements, and notice boards. Faculty members set question papers, which are sealed and submitted to the head of the department, who then forwards them to the internal examination committee. Teachers are assigned supervision duties for each examination hall, ensuring strict monitoring during exams. Adhering to Gujarat University's guidelines, the college conducts evaluations with two main components: Internal Evaluation (30 Marks/Paper) and External Evaluation (70 Marks/Paper). Continuous Comprehensive Assessment (CCA) is employed, involving various assessments like assignments, unit tests, and attendance, with specific weightage assigned to each component. For instance, attendance carries 5 marks, assignments 10 marks, and unit tests/MCQs 15 marks, totaling 30 marks for internal assessment. Unit tests/MCQs are conducted for 30 marks, later converted to 15 marks in alignment with university regulations.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

In case a student encounters difficulty understanding a question during an exam, they report it to the block supervisor, who then escalates the matter to the internal examination committee chairman for appropriate action. Grievances related to examinations are handled by various committees, including the Examination Committee, Grievance Redressal Committee, Internal Marks Committee, and Heads of all departments. Papers are evaluated within the stipulated time frame, and mark sheets are prepared and distributed to students department-wise via WhatsApp groups and notice boards. Students are given three days to report any grievances regarding their mark sheets. If discrepancies are found, students can bring them to the attention of the head of the department and concerned faculties. Answer sheets are shown upon request, and necessary changes are made to the mark sheet if required. The revised mark sheet is then sent to the head of the internal examination committee to compile the combined mark sheet for all subjects. This is shared with students and displayed on notice boards, with another three-day window for reporting grievances. Any issues with the final mark sheet are addressed by the head of the internal examination committee, and amendments, if needed, are made. Subsequently, the marks for each paper of all students are uploaded onto the Online Internal Marks Entry system of Gujarat University within the university's specified time frame, with a hard copy sent to the university's examination department.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Government Science College, Gandhinagar, an affiliate of Gujarat University, adheres to the university's guidelines for program offerings and curriculum. The institution defines and documents Programme Outcomes (POs), Programme Specific Outcomes (PSOs), and Course Outcomes (COs). Syllabi are developed by Gujarat University's Board of Studies and followed by the college. While some courses come with predefined outcomes, faculty members develop others in line with UGC guidelines. These outcomes undergo departmental discussion and IQAC approval before being

uploaded to the college website, ensuring clear learning objectives. POs, PSOs, and COs are crucial benchmarks for student skills. They are shared at the start of each semester and maintained in departmental records. The college website prominently displays these outcomes, ensuring transparency and accessibility. Regular updates reflect changes, aiding in attracting prospective students by communicating educational goals effectively. This transparency helps students make informed decisions about their educational journey.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainments of POs, PSOs, COs are evaluated through continuous comprehensive internal evaluations (examinations). In addition to this during external theory and practical examination, evaluation of student's abilities to understand concepts and applications of various topics of basic sciences and hands on experience on various scientific practicals are done. Extract of these evaluations gives overall ideas about POs, PSOs and COs. The final attainments of these are achieved by analysing results of university examinations taken up by students.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The teaching staff of our college performs their duties perfectly and their performance is evaluated regularly. To do their regular evaluation, our institute submits annual Evaluation Report of all teaching and nonteaching staff members. Through the report, the institution evaluates teaching staffs working abilities. The college has CAS (Career Advancement Scheme) also which help teaching faculties to get promotion in their regular job. The institution maintains Evaluation Report of all the faculties in which student oriented activities are mentioned by respective faculty and head of the institution reviews the same. The institution has CAS (Career Advancement Scheme) scheme for the promotion of faculties which measures performance of the faculties during all pay slabs. Faculties are required to undertake certain responsibilities and training programs. CAS (Career Advancement Scheme) is only approved only when essential requirements are fulfilled. Faculty members whose promotions are due are recommended based on their API score and are required to appear before the screening-cum-selection committee. The institute invites feedback forms from students and these feedback forms are constantly updated on official website of the institute. These feedbacks are reviewed by IQAC committee and necessary suggestions are conveyed to faculty members. The CAS proforma filled by the Faculty Member is checked and verified by the Heads of the Departments, IQAC Co-ordinator and HEI. The college also encourages non- teaching staff for departmental exams which evaluate their performance.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college prioritizes equal rights for boys and girls in terms of admission. This is a crucial step towards creating an equitable educational environment where everyone has the opportunity to succeed. This can foster diversity of thought, collaboration, and understanding of different perspectives. Boys

and girls have access to the same academic programs, extracurricular activities, and support services at college. Having a library that provides access to both male and female students in our college is crucial for creating an inclusive and equitable learning environment. NCC and NSS units are allowing both boys and girls to enroll and participate together. Both boys and girls develop life skills like leadership, discipline, communication, and teamwork, problem-solving and event management. Collegiate Women Development Cell (CWDC) contribute to create a more inclusive and equitable campus environment for all genders. By engaging in CWDC activities, students gain deeper knowledge about gender issues, women's rights, and mental health, fostering personal growth and social responsibility. For safety and security, the college has a Discipline Committee, Anti-Sexual Harassment Committee as well as security guards and CCTV cameras. Moreover, the college has separate ladies room for girl students and female staff.
