Observations :

- During this COVID-19 pandemic situation, the teachers given their best...
- According to me there's no improvement needed.
- We are lucky that we are the students of Government Science College, Gandhinagar
- Overall performance of teaching is so good and we are happy
- The overall faculty is good and very helpful
- The way of conducting the lecture and practical is also good and effective.
- I have no suggestion for institution because this institution is very unique in regarding internal exam paper evaluation as well as teaching style is very Crucial and Sensitive so according to me my college that unique in the point of view of the honesty and morality of the evaluation of the exam and teaching style.
- The online teaching - learning experience was innovative and very much helpful.
- In online mode also they teach as effective as Offline mode
- Online teaching is very well
- Teaching skills of teacher are very good.
- Teachers teach us with animation and videos. I like that way for our study in pandemic situations.
- They all are good in their work

- The Best
- All is good, Everything is good, All is well, All is wonderful
- Very good
- Perfect
- Excellent
- Professors are very good
- All Teachers teaching students like his/her child.
- There isn't anything to suggest them they are pretty good.
- Best Study
- Enjoyed online teaching
- Nothing for suggestions. Very useful learning experiences
- I don't think I have to say anything about our institute and faculty. They always help us ..I like the way they teach us ...It's just amazing. It's really help us in our life.
- Satisfactorily
- This institute is such a great institute
- Power point presentation is very helpful for understand and imagine the concept.
- સર બીજી બધી કોલેજો કરતા મને સરકારી વિજ્ઞાન કોલેજ માં શિક્ષણ વિભાગ સારી રીતે કામ કરે છે અને સાથે સાથે વિદ્યાર્થી ને જરૂરી માહિતી પણ પૂરી પાડે છે.
-

Suggestion :

- Institute should increases the opportunity for Educational Tour, Field Visits
- In online teaching teachers have to use white board and PowerPoint presentation in each individual subject
- Give more and more examples
- Show subject related useful video
- Try to take face to face question - answer session
- I felt that every teacher have to judge the students by their skills, knowledge and ability.....
- Teachers usually take lectures in Gujarati language. Teachers should teach in English also. I think there will be an option of separate lecture for English medium students or for those who comes from other State.

- Improve Sports like Cricket, volleyball, Kho-Kho,....,etc..
- Professor should do something so that students can overcome their stage fear
- Help to make strong students.
- Offline education is better than online, Practical classes should not teach in online mode
- Professor interaction with students is good but faculty do more work to interact with students and problems they facing in subjects.
- Teacher should cover the entire syllabus
- Due to lack of time to complete syllabus we cannot gain external knowledge
- Maximise the use of technology
- Arrange chapter wise weekly test and unit wise monthly test by offline mode
- communication skills, presentation skills जैसे skills पर रुचि पद छात्रों को उसकी practise करवाई जाए ।
- Class Group discussion, Seminar & Quiz should be organized
- More communication between teacher and students is required.
- Give some modern facilities.
- Sport activities must be include
- Identify and improve students' learning ability.
- Teachers can use more student centric methods.
- To increase the efforts to inculcate life skills.
- No suggestions at all
- Not need any suggestions for our college teaching method
- Do not use whiteboard in online lecture
- College infrastructure should be changed
- Use better graphics and visual media to engage students well. ...Try to reach every student and ask for their doubts. ...Make teaching a two way interaction
- Teachers should give us examples specially in subjects like physics and sometimes in maths also, so that we can understand where does these things have been applied in the real life.
- Teachers should take retest, I'm saying this not because I'm unable to pass, but i think it will help those students who have some network issue at the time of exam.

- Animated videos can encourage students to learn the subject.
- Please take the class offline.
- Thanks for conducting this survey.
